SEPTEMBER

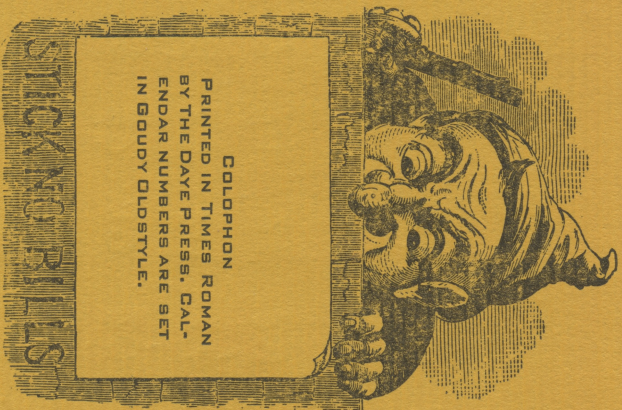

September is the ninth month of the year. It was the seventh month in the old Roman calendar and its name is derived from the Latin, *septem*, meaning *seven*.

Summer ends and autumn begins at the autumnal equinox on September 23. Average temperature in Detroit this month is 65 degrees; mean precipitation is 2.4 inches. The Harvest Moon will occur on September 29th.

The sun will rise at 5:21 AM on the first. For other dates add one minute per day. On the first the sun sets at 6:38 PM. Subtract two minutes for each day following the first.

Labor Day is the only legal holiday this month. The morning-glory is the flower for September. The blue sapphire is the birthstone for this month.
